Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Wednesday 21 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A cold, frosty night. Fine, dry and sunny tomorrow.

This Evening and Tonight:
Cloud will clear this evening and it will turn chilly. It will become cold overnight with light winds and clear skies leading to a widespread, and in places severe, frost by dawn. Minimum temperature -4 deg C (25 deg F).

Thursday:
Staying fine and dry throughout the day. Feeling quite warm with light winds as temperatures recover in the strong sunshine. A chance for another frost overnight, but less severe. Maximum temperature 15 deg C (59 deg F).

Outlook for Friday to Sunday:
Remaining largely dry throughout and rather warm during the daytime, but frost formation remains possible overnight under clear skies. Sunny and fine Friday. Turning hazy Saturday, and slightly cooler Sunday.
